Background information

Currently, the school appoints one or more school bus operators to help parents make transport arrangement for their children. Under the enhanced process, the school will extend the invitation for proposals for bus services to all interested bus operators so as to attract more competitive offers. To achieve this, the school will advertise the invitation at the School Website.

Interested bus operators will be required to submit the 'Not-To-Exceed' (i.e. the maximum) fare for each distance benchmark (i.e. 2km and 4km, etc.). The bus fares will not go beyond the NTE during the service period. For students staying beyond the maximum distance range, parents may approach the bus operator directly for negotiation of bus fares.

The annual bus fares will be payable over 9 months in a school academic year. The collection months are January, February, March, April, May, July, August, September and October. There will be no collections for the months of June, November and December.

The school will publish the fares quoted by the appointed bus operators on the school website.

Parents will then engage the appointed bus operators to agree on the actual bus fare, taking into account the distance, route and other factors such as the seating capacity of the bus. The contract period is normally about 2 years and with option to extend for up to 2 years. When the contract expires, the school will go through the invitation for call for proposal process again.
