30 April 2020

Dear Parents/Guardians,

We have come to the end of Term 2. This has indeed been a difficult and unprecedented period.

Thank you for your support of the home-based learning. We have received well over 90% of positive responses for the survey items on home-based learning from you. That is certainly an encouragement for us. Home-based learning can never be the same as classroom lessons. The approach of using blended learning activities is perhaps the most viable form of learning under the present circumstances. While teachers customized learning for their students, as much as they could, students are also different in the way they learn and in their learning dispositions. Some parents felt that there was too much work while there were others who felt that not enough work had been assigned to occupy their children.

Nevertheless, we hope that through home-based learning, our students will develop the skill sets and mindset to be more self-directed and independent in their life-long learning. This will put them in good stead 'for work, for life, for future' as espoused in our motto and school song.

Our teachers are currently planning and preparing for a busy Term 3 ahead. We will update you on the schedule and activities once we have more information.

In the meantime, please stay safe and have a well-deserved break with your loved ones.

Mrs Wee-Kwan Liam  
Principal
