## Agreement Form to Bring Smart Device to School

I have read and understood the expectations regarding appropriate use of smart devices at Waterway Primary School from the Parents Gateway notification I received. I understand that a copy of this form will be kept as a record at the school and my child / ward will also receive a copy that he / she needs to carry with him at all times, when the permission is granted by the school for my child to carry the smart device to school. If approved, this agreement is valid **till the end of the year** and must be re-submitted again for each new year.

I understand that my \*child/ward will be responsible for ensuring that the smart device is used appropriately, in accordance to the school's rules. He / She can only use the smart device at stipulated locations in school – the general office, foyer and security guard post near the gate.

I understand that should my child / ward misuse the smart device in school and does not follow the rules for use of the device, the school will remove the smart device from my child / ward (to be kept in the office) and contact me. The permission for my child / ward to use the smart device in school could also be suspended. I understand that the school will not be held responsible for any lost or damaged smart devices.

Name of Parent/Guardian:	Signature of Parent/Guardian:
Contact Number:	Date:
Name of Student:	Class:
Smart device details:	
1. Type of Smart Device: _____
